

# ECITB CCNSG National Safety Passport

The Safety Passport was developed by the Client Contractor National Safety Group with the aim of raising health and safety training standards within construction sectors

## Course Overview

This course is designed for contractors who are working on construction & engineering sites or higher risk working environments. It is designed to provide a good basic standard of health and safety knowledge.

## Course Syllabus

The course covers a range hazards associated with a construction or engineering environment including...

- Safe Behaviours at Work
- Consequences of good and bad safety
- Health and Safety at Work Act 1974
- Risk Assessments
- What is Hazard and what is Risk
- Hierarchy of Control
- As low as Reasonably Practical
- Fire Safety
- Manual Handling, Noise and Vibration
- Provision and Use of Work Equipment Regulations (PUWER)
- Confined Space
- COSHH including Asbestos
- LOLER
- Working at Height
- Site Transport
- Signage
- Excavations
- Electricity and Isolation
- Environmental considerations
- Reporting and RIDDOR Regulations
