

Asbestos Awareness

Approximately 5000 people die per year from past exposure to asbestos. It is a legal requirement to have this training if you are likely to disturb the fabric of buildings at work.

Course Overview

This course covers all you need to know on how to be asbestos aware, including the history, properties, and uses of asbestos along with the health effects from exposure and more importantly the know how to avoid the risks as per Category A Asbestos Awareness Training guidelines in Regulation 10 of the Control of Asbestos Regulations 2012.

It also provides an overview of the current requirements of the Control of Asbestos Regulations and how to comply. This course is for all persons who wish to work on the fabric of any premises built before the year 2000, persons such as Managers, Supervisors, Tradesmen, and Maintenance Workers. All courses are either UKATA (United Kingdom Asbestos Training Association) or IATP (Independent Asbestos Training Provider) approved.
