

Fire Marshal

In the UK, approximately 400 people die per year from fire. The current Fire Safety Order states that fire risks must be managed in places of work.

Course Overview

This course is designed to introduce delegates to the identification and control of fire risks and will give the delegates the knowledge and confidence to execute their duties in the event that a fire is discovered. It is suitable for people with responsibility for fire safety - fire wardens and fire marshals, as well as line managers, supervisors and safety representatives.

Course Syllabus

- Role of the Fire Marshal
- Chemistry and causes of fire
- Basic safety features in buildings
- Fire statistics
- Current fire safety legislation
- Fire risk assessments
- Preventative measure
- Fire drills and evacuation
- Fire extinguisher – introduction, pre-engagement action and using an extinguisher
- Liaising with the emergency services
